## New member referral contest

Over the last five years we have used various methods to attract new members. Once again we are employing the \$99 NEW MEMBER DEAL, road signs, newspaper ads, and new for this year, a series of lawn signs. The most effective tool however is member referrals. As an incentive and a reward for members who recruit new members, for each successful new member referral, the member's name will be entered into a draw for free membership in the following year.

Last year, 11 new members signed up as a direct result of member referrals. As a thank you for their efforts, a draw (involving referees) was held, and the winner of a free membership for the 2017 – 2018 season was **Doug Brown**. Congratulations, Doug, and good work.

(Reminder: On the league curling registration form have your new member state your name.)
